Public Safety

# WIRED

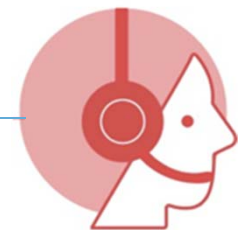

BY PUSHING YOUR LOCATION STRAIGHT  
TO 911, IOS 12 WILL SAVE LIVES

## The Washington Post

Apple's iOS 12 will automatically share  
location data when people dial 911

## San Francisco Chronicle

911, what's your emergency? For  
dispatchers, it's locating callers

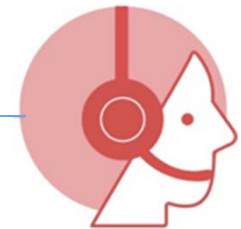

# Google and RapidSOS Now Provide Emergency Location for 911 Calls Nationwide

English ▾

Partnership provides life-saving location data to 911 via the RapidSOS  
NG911 Clearinghouse during emergency calls from Android devices

#### Define Coverage Area

Use our area setup tool to draw a rectangle that fully encompasses your jurisdiction. We expect you to add a margin of error to make sure that your whole jurisdiction is covered, even if that means the rectangle partially touches neighboring jurisdictions.
